Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 40-44, 48-50 are rejected under 35 U.S.C. 102(b) as being anticipated by Cha (cited Jap. Pat. Publication No. 1020010064328).

Cha discloses the claimed semiconductor device including a semiconductor substrate 10 having a recess 22 therein (fig. 1b); a gate electrode comprising a first portion in the recess and a second reduced-width portion extending from the first portion (fig. 1c); a source/drain region 30 disposed in the substrate and spaced apart from the recess (fig. 1c shows the source/drain spaced apart from the recess through the gate insulator layer 24); a substantially uniform gate insulator layer 24 lining the recess and interposed between the first portion of the gate electrode 26' and a portion of the substrate between the recess and the source/drain region 30 (fig. 1c).

With respect to claim 41-43, fig. 2 shows the first and second insulating spacers 29, 32 formed on the sidewall of the second portion of the gate electrode 26'' and on the oxide insulating layer 24. Silicon nitride is a well-known material for use in forming sidewall spacer.

With respect to claims 44, 48, 49, 50, fig. 2 shows a lightly doped source/drain region 30 nearer the recess, and the recess has a curve shape or is hemispherical or elliptical.

Allowable Subject Matter

Claims 1, 4-11, 13, 15-17 are allowed.

Claims 45-47 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
